PROTEST FROM FARMERS OF THIS DISTRICT

Claim Sheep Are Being Brought
In From Outside Points to
Pasture on Vacant Land—
Send Protest to Ottawa.

There is great indignation among the farmers of this district over the reported action of the Southern Alberta Land Company in leasing their vast amount here to sheep ranchers for pasture. According to reports, sheep are being brought into this district from Montana and Saskatchewan and are being run over all the available pasture land, for the farmers, justly, justly this is a very serious matter for the farmers, especially in view of the fact that they have had a crop failure and feed is exceptionally scarce this year.

We understand that meetings have been held at every point in the district for the discussion of the situation, at which resolutions have been passed calling attention of the government to the matter and asking for assistance in righting this wrong.

Such a meeting was held at Bowell last Saturday afternoon when the following resolution was unanimously passed:

"Whereas, it has been brought to our notice that the Southern Alberta Land Company has leased all their available land to sheep ranchers, and whereas this district has experienced considerable suffering on account of the drought for the past three years, as a result of which the farmers only source of subsistence has been from their cattle; and whereas the leasing of this land for the pasturing of sheep from outside points will add to our hardships; therefore be it resolved that the farmers and ranchers of this district petition the government to use its influence in having said leases cancelled."

We are informed that there are at present over 7,000 sheep already in the district north of here and that it is the intention of bringing in at least 40,000 more.

Lloyd George Still After the Kaiser

Premier Lloyd George is determined to have it settled that the peace conference demand from Holland the handing over of former Emperor William, according to Le Journal, a newspaper asserts that the premier, who is planning to leave Paris, will insist before this departure on having each action decided upon.

The peace treaty with Germany against William Hohenzollern, the former German emperor, "for a supreme offence against international morality and the sanctity of treaties," and providing for a special tribunal to try him. The clause of the treaty dealing with this question closes with this sentence: "The Allied and associated powers will submit a request to the government of The Netherlands for the surrender to them of the ex-emperor; in order that he may be put on trial."

United Kingdom and Dominions are Partners

Lord Milner, colonial secretary, contradicted the following message to the Future, in which Premier Lloyd George issued a message to the Dominion leaders, urging it to redeem its promise to the dead soldiers who fought for a new world.

"The United Kingdom and the Dominions are partner nations, not yet, indeed of equal power, but for good and of equal status. At times one and one, now one or more of these Dominions will equal or even surpass the United Kingdom in wealth and population, as they already surpass in geographical extent. It is the paramount duty of British statesmanship to see that the true union between them and us, which has been so gloriously maintained during the war, shall be continued and strengthened in the years to come."

Old country papers are predicting that the present interest in politics is an indication of an early election.

Prov. Libarian 21 20

OUR SLOGAN: An Industrial Metropolis of Industrious People Who Pull Together.

REDCLIFF, ALBERTA, THURSDAY, SEPT. 18, 1919.

Promising Outlook For Busy Season

Conditions in Redcliff are by no means bleak and promising, they "have been a busy fall and winter. All the industries are now in operation and most of them are in need of more men to work on along more extensive lines. The three brick plants are experiencing a busy season and are experiencing no difficulty in disposing of their output. In fact some are falling behind in their work on account of the scarcity of men and the orders are still coming in from all quarters. At present it looks as though all three would be kept fairly busy all winter. There is the proposed addition to the Glass Plant which will give work to additional men for the next few months, and the rolling mill has most promising prospects for the winter months. The latter plant is also in need of more men to keep up with their increasing business.

On the whole prospects are very encouraging for a busy fall and winter is assured.

Ladies Auxiliary Has Successful Afternoon

The G. W. V. A. rooms presented a lovely picture yesterday afternoon when there was a large turnout to the sale of work and afternoon tea given by the Ladies Auxiliary.

Such a small table was scattered about the reception room and for two hours there were well patronized. During luncheon were served all the ladies in charge rendered excellent service. Larger tables, heavily laden with articles of home cooking, vegetable and fancy work, were much in evidence and these in charge of them experienced no trouble disposing of their goods.

Apart from the business transactions the event also furnished a pleasant afternoon, and was a great success from every standpoint.

The ladies wish to thank all who helped in any way towards making this such a success.

West to get Sugar Aliment this Week

The entire allotment of sugar for the western provinces, amounting to 7,500 tons, has been shipped, and it was contained in a few received by S. B. Savage from W. White, the secretary of the Canadian Board of Commerce. The message stated: "Entire allotment of sugar agreed upon for west has been shipped by five eastern refiners, and at present time is in process of distribution on basis of need and by you."

It will be recalled that there will be forty-two cars delivered to Alberta points within the next week. Twenty of these will come from the British Columbia coast, and twenty-two from the east. There will also be cars in addition to this bought on regular basis. At least sixty cars of sugar may be put on by the end of next week.

At present purchasing sugar, either by contract, retailer or wholesale, should bear in mind that it must be on the basis agreed upon and obtained by Judge Robson, that of one pound of sugar to four pounds of fruit. This, however, does not apply to regularly placed orders for emergency by wholesalers, but to the emergency allotment only.

Says Profiters are Rats and Vermin

Speaking in the British parliament Charles McNulty, parliamentary secretary to the food minister, declared that the government classifies profiteers with rats and other vermin and is determined to stamp the profiteers out.

McNulty was speaking at the opening day of the administration of the new profiteering act and alluded to the new Canadian statute dealing with a similar evil.

Criticism against the English act is mainly on the ground that it will not touch the big profiteer, but merely render the small trader liable to espionage and persecution. Meanwhile, street markets are increasingly instituted in the crowded streets. Their establishment is frequently followed by a rise in prices at the neighboring shops.

The lack of housing accommodations is certainly as vital a problem as profiteering.

Masons Celebrate Seventh Anniversary

On the occasion of the seventh anniversary of the institution of a Masonic lodge in Redcliff, the members of Quarry lodge celebrated this passing of another milestone by holding a social evening to which they invited their lady friends. The event was held in the M. G. room and was largely attended.

Proquest, which was the first order of the evening and as all got well acquainted after the several months. The day was passed for the most part in social and friendly conversation. In this contest Miss Violet Gibson won the prize for the highest score among the ladies and Mrs. Moffatt won the white gloves for having the cleanest race card. For the gentlemen Dr. R. E. Storer won first prize and W. Davis the consolation.

After cards a pleasant social hour was spent, during which W. H. Hatcher welcomed the visitors in the lodge room. During the ceremony referred to the excellent singing made by Quarry lodge members in their response to the song for service and sacrifice, pointing out that over one-third of the membership the time was spent in the service of the community.

While the tablet was installed in honor of the members who had rendered the lodge at the front, he trusted it would be a good reminder to the other members that they too, had a solemn duty to perform in the service of the community. The noble deeds and sacrifices of those names appeared on the tablet would stimulate them who looked upon it with time to devote to service. In pulling the cord that unveiled the tablet the speaker recited the following stanza of Immortal and Constant devotion to their Wian peg office, under date of August 15.

The captain and the king depart, Still stands the ancient shrine, A humble altar, a simple heart, Lord God of hosts be with us yet, Let us forget, let us forget.

The tablet unveiled was of solid marble on which is carved the members of the lodge and the names of the who served in the war. The names of two brothers who have made the supreme sacrifice. These are James Reynolds and W. B. McLean.

After the unveiling, lunch was served and this was followed by a dance in which all joined heartily. The whole affair was a most successful one from every standpoint.

Board of Commerce Gets Down to Business

W. F. O'Connor, of the Board of Commerce, has made some interesting announcements concerning the emergency proposed in that body. We learn from a Toronto dispatch that there will be no fall in prices of commodities appointed for various centres throughout the country, and that manufacturers and dealers will sit with these committees when prices are being considered.

Mr. O'Connor says: "The cards are to be played on the table. The actual figures are to be disclosed, and if good faith is not being kept it must be remembered that the Board of Commerce has in Ottawa, all data for years as to costs, etc."

Another item of interest mentioned by Mr. O'Connor is that if the manufacturers and producers export necessities from the country to enhance value, embargoes would be placed on the exportation of such goods.

Judge Robson's announcement that he would recommend the removal of the duty on hosiery if the Canadian price was not reduced is another interesting sidelight on the prospective war of the board.

LOANS TO SOLDIERS REACH LARGE SUM

Over \$22,000,000 have been loaned by the Soldier Settlement Board to returned soldiers up to July 30. There were 7,289 individual loans approved by the board and \$1,682 were cancelled. More than 1,000 loans are pending. The agricultural qualifications committee reports that 21,400 applications for the benefits of the Soldier Settlement Act had been approved by the board up to Aug. 9. The total applications received on the date mentioned are stated by the Soldier Settlement Board.

The Ontario farmers union is placing a number of candidates in the field for the approaching provincial election in Ontario.

Dautless Company Has Some Side Lines

During the past few weeks the Dautless manufacturing has branched out into a few side lines, and is supplying with a ready market. Among these are a red support for a Ford car and a power jack. The former is an excellent wrench when put in place suffices the front axle of the car and makes a big improvement for heavy work or for rough roads. The jack is a device gotten up to place under the driving wheel of any car. It has a pulley attached so that the auto may be used to supply power to run any piece of machinery about the house. This article is becoming quite popular on farms, especially as it is being used in many ways to lessen work both around the house and the farm.

These articles are now being manufactured in large quantities and are being informed orders for them are coming in from all quarters.

Immigration from U.S. During Month of July

During July 5,932 settlers from the United States arrived in Western Canada, via the boundary ports, Port Arthur, Winnipeg, and Regina. This was 2,200 more than in June. The occupations: 600 farmers, 191 farm and other laborers, 11 domestic servants, 14 millhands, 38 clerks, 17 mechanics, 20 nurses, 20 women, 24 professional, 10 women and children, 92 not classified. Their destination: 500 to Saskatchewan, 1,050 to Alberta, 111 to British Columbia, 21,275 not stated. Wealth of settlers \$1,132,675, and effects valued at \$200,745, as compared with 1,375 arrivals in July, 1918, with wealth of \$160,831 and effects \$123,669, according to a report received by the Department of Immigration and Colonization from their Winnipeg office, under date of August 15.

No Justification for Price of Bacon

"I do not see the justification for bacon at 65 and 70 cents a pound," declared Judge H. A. Robson, chief commissioner of the Board of Commerce, under the Combines and Fair Prices Act.

Evidence had been added showing that the cost price of bacon sold at these prices was 45 cents a pound, the 10-cent price being for sliced bacon. Figures showed that bacon bought from Armour's in Duluth was 60 cents and a half cent cheaper, did down to Winnipeg despite the necessity of paying for freight, exchange and all incidental expenses, than the product from the local packers, in a lower grade, and one five-eighths cent cheaper in a higher grade were produced.

200 Killed in Hurricane in Texas

Probably 200 persons died in Corpus Christi, Texas, and immediate surroundings was the estimate made by Mr. Miller, a former mayor and chairman of the Corpus Christi relief committee, in a statement to the Associated Press regarding the storm.

"From 2,000 to 4,000 persons in that Antonio are absolutely destitute," Mr. Miller declared. "They have lost everything they had except the clothes they were wearing when the storm struck and their speed of financial aid is pressing."

Forty Texas victims of the tropical hurricane which swept Corpus Christi and San Antonio section early Sunday morning had been brought to the temporary morgue in the county court house. In addition to the deaths in San Antonio, 60-65 were reported in the Corpus Christi area. The Corpus Christi News says from Corpus Christi.

Sugar Profiters To be Prosecuted

"I shall not wait for the Board of Commerce to name an offender, but just as soon as we have word that a retailer is making more than one cent a pound on his sugar I will order that he be prosecuted." Such was the statement by J. S. Lundy, K. C. in an interview Tuesday.

Mr. Lundy has been appointed by the Ontario government to co-operate with the Board of Commerce in reducing the cost of living, and has been given very wide authority.

Improvement League Starts Rink Movement

At the request of the Civic Improvement League a number of prominent citizens met at the office of H. R. Storer last Monday evening for the purpose of discussing the advisability of starting some line of amusement for the younger people of the town this winter. Several lines were suggested and discussed. While all were good ones, and it was the opinion of the present town council, a skating and hockey rink for this winter. After looking into and investigating a number of propositions to make such a rink, it was decided to use the rink previously operated on the school grounds for this season. This it was decided, could be put in shape for very little outlay at the start. Members of the school board were present and signified their willingness to allow the use of the grounds. A committee, representative of all organizations in town, was then appointed in conjunction with the school board in making the necessary arrangements. The following is the committee appointed:

Mrs. Storer, Mrs. Storer, Mr. Ellis, P. Lavelle, C. D. Scott, L. Barber, R. Stone, C. A. Hicks, Rev. Shearer, Mrs. Storer, Mrs. E. H. Gurne, R. O. Kline, Geo. Lydell, W. Schand, H. E. Sellors, H. J. Stinson, N. Ross, and H. W. Harper. E. L. Stone was appointed secretary.

This committee is to meet at R. Storer's office next Monday evening to discuss the details of the rink.

The Improvement League is putting on a day on Saturday of this week to secure funds to help along their plans. It is hoped they will meet with a liberal response.

Employment Service Is Very Active

The employment service, established by the Dominion and Provincial governments, reported that during the week ending August 9 the service had secured 1,949 regular employment. This is the highest placement yet recorded and represents an increase of 3,636 over the preceding week, when 7,597 persons were reported as placed in regular work. In addition, 7,741 casual jobs were supplied as compared with 379 during the week ending August 2.

Canada Will Have Regular Air Squadron

Canada is to have a regular organized air squadron as part of its military equipment in the future, including 116 of the best airplanes which have been presented to the Dominion of Canada by the British government.

This positive announcement was made Sunday morning by Brig-General O. H. Duggan, judge advocate-general of Canada, a member of the Canadian Air Board, who is aboard the special train of the Prince of Wales.

MANITOBA HAS LAND FOR RETURNED SOLDIERS.

By an order-in-council passed in the House of Commons, the Dominion government has placed six millions of acres of unimproved lands on the market for returned soldiers. This is the greatest move made by the government up to the present time for the re-establishment of returned men.

LARGE WOOD SHIPMENTS.

Five carloads of wood, weighing almost 120,000 pounds, have been shipped from Edmonton during the past three weeks by Alberta Provincial Sheep Breeding Association. Exports that were shipments from Edmonton will reach 145,000 pounds, according to information received by the Department of Immigration and Colonization.

The provincial government expects to have a large number of soldiers just out of the town for several years past, has been abandoned. We have not heard what the government intends doing with the property.

GLASS PLANT TO ENLARGE PLANT HERE

Work in connection with another addition to the Dominion Glass Company plant here was commenced last evening. This new addition is to be built to the west of the present building, and will be a substantial construction and in keeping with the rest of the plant. It will be a concrete foundation with a solid brick actual superstructure.

When completed a new Owens machine and the necessary equipment for running same, will be installed in this new addition. Excavation is now being done and it is the intention to have the work rushed through as rapidly as possible and have the new part ready to operate by the first of next year. When completed this addition will mean the adding of another twenty-five or thirty hands to the permanent staff.

A new box-making plant has recently been built and is now in use and will also be added to the present house to double its present size.

Says Class Rule in Politics Doomed

The present world unrest means that the old order of things is being thrown and that a new society is about to come to its birth, and that age-old injustices and inequalities that have existed since the common people are at last to be swept away, declared Arthur Hinds, secretary of the labor party, at the annual International Brotherhood Congress in London.

"Class rule in politics is doomed to disappear," he said, "but it is doubtful whether the ideal of true political liberty will be realized in this order of things without a violent convulsion of society."

The main problem now, he said, is to establish a new order of things, representative institutions and to guide the movement of the masses along the path of constitutional change and to enable democracy to become master in its own house without violence.

Government Will Not Consider Gratitudes

The proposal put forth by returned soldiers that a gratuity of \$2,000 should be paid to every man who served at the front, and that \$1,500 and \$1,000 should be given to those who served in England and Canada respectively, will not be considered by the government, according to a statement of Justice, speaking in the house, stated that the parliamentary committee which will be appointed to deal with the new soldiers' civil re-establishment bill, will not take up this matter. He stated that the proposition that every returned soldier, regardless of his financial situation, shall be paid a gratuity, is not in the interests of the country nor of the men themselves.

Special Session of Legislature Possible

"There is every possibility that a special session of the Alberta legislature will be called this fall, probably before the end of the month," stated whether the session is called it depends entirely upon the amount of relief that may be required for the returned soldiers in the southern and eastern sections of the province.

If only an ordinary sum is required, then the government can manage it without a session of the legislature, but if very large sums are required, then I feel that a special session should be called."

As reports from various parts of the drought-stricken areas indicate that large relief measures will be necessary before many of the areas, especially in the west, are able to get on their feet, there is every indication that the special session will be necessary.

RETURNING RAILROADS TO PRIVATE OWNERS.

Preparing for the return of the railroads of the United States to private control, Director-General Hines ordered all roads to begin an inventory of surplus land as of September 21, 1919, the date fixed for the termination of government supervision.

THURSDAY, SEPT. 18, 1919.

SERIOUS SITUATION.

The report that the Southern Alberta Land Company is leasing its lands in this district to sheep ranchers from Montana and Saskatchewan for pasturing purposes, is causing considerable alarm among the farmers and cattle ranchers of the surrounding country. If this report be true the outlook is serious and calls for immediate action on the part of our governments.

With the grain and hay failure in this district this year the outlook was none too rosy for farmers at best, and since for this last three seasons farmers have had to look to their stock to see them through, the question of feed and pasture is of the greatest importance to them at this time.

There is evidently no doubt that there is some truth in the report as we are informed there are now in the neighborhood of seven thousand sheep pasturing in the vicinity of what is known as the C. P. R. lands. If the number of sheep were limited and if the leases were confined to certain areas the situation would not be so bad. But we understand that these leases are scattered here and there and that in going from one to another the sheep are allowed to graze over the land passed. As sheep never leave any feed behind them, and as no other animal will feed on land over which sheep have gone, it can readily be seen that if something is not done at once to remedy matters the situation will indeed be serious.

ANOTHER OPPORTUNITY.

In discussing the irrigation proposition with one of our editors this week the conversation drifted to the present sugar situation. This, in turn, led up to the cause of the shortage and the sugar manufacturing business, and it was pointed out that there was not a place in Canada better adapted for the growing of sugar beet and the manufacturing of sugar than right in this district and right in this town.

We were assured that with water on it this soil is capable of producing the very finest of sugar beet, and the cheap fuel and power furnished by our natural gas makes this an ideal center for manufacturing of any kind.

Opportunities appear to be knocking at our doors. All that is necessary is development.

THE PRINCE.

The Prince of Wales, who is now touring Canada, has already made a most favorable impression. His pleasant smile and his youthful appearance seem to have captured at once all those who had the opportunity of seeing him, while his replies to the numerous addresses presented to him were tactful and to the point. He lost no opportunity of expressing his appreciation of the services rendered by the Dominion during the war. As for the personal side, was equally careful to refer to the opportunities afforded him for forming a real and close acquaintance with Canadian officers and men. "Comradeship in the war," he said very truly, "is the surest of all roads to understanding be-

tween men of different climes and ways of life, and I have come thereby to know my brother-Canadians in all conditions incidental to service on the field and out of the line." He added that while he shared the pride in their achievements, he also mourned with them the heavy losses which Canadian homes had suffered. The wish he expressed was to be looked upon as a Canadian in mind and spirit will be accepted as the compliment intended wherever he travels throughout the Dominion. Canadians will honor him as heir to the throne, and will welcome him as a fellow citizen.

IRRIGATION.

During the past week several people, from both town and country, have called at this office to express their views on the irrigation movement and all have been of the opinion that some definite concerted action should be taken by residents of this district in an endeavor to start some agitation for the adoption of an irrigation system around here.

This is being done in almost every other district in Southern Alberta and the provincial government is strongly encouraging such a movement, promising to lend every possible assistance to any venture in this direction. Since there is a limit to the provincial government's resources, and since it will likely be a case of first come first served, it behooves this district to get in line as soon as possible. As we said last week "it is the wagon that breaks the most that gets the dirt off." Therefore if we all get in line and allow our neighboring districts to do all the shouting we cannot hope to get very far along these lines. We will be left at the tail end and have to wait our turn.

There are very few, if any, who do not realize that irrigation is the salvation for the dry belt of southern Alberta. Experiments with irrigation in districts similarly situated as we are have proven that this soil is capable of producing almost anything that one wishes to grow profitably if only we can get water to it. The exhibits at the Brooks fair last week prove this to be the case beyond a doubt. At this fair there were on exhibition corn twelve feet high, alfalfa almost eight feet in length, clover, timothy and fodder crops of every description and of remarkable growth. Besides these there was an exceptionally fine showing of pumpkins, green corn, watermelons, citron squash of all kinds, musk melon, egg plant, tobacco plant and sugar cane. Nor do we need to go so far from home to prove this. Right here in town, on the flat of the river just south of town, some of the finest roots and vegetables one would wish to see have been produced this season.

On the flat experiments with corn and berries of all kinds are also proving most satisfactory, and on one plot of ground right in town the owner of it told us he expected to clear \$600.00 off an acre this season. With all these proofs under our very eyes it should not take very much to convince one that there are golden opportunities in this district if only we exert our energies along the right lines. By all means we agree with those who have called upon us this last week that some concerted action should be taken at once to bring our needs to the attention of the powers that be, and use our own energies to improve conditions.

"The character and resources of the west of Canada" must bring it population and capital, and the influence of Canada in the British Commonwealth must increase proportionately until it is equal to perhaps even greater than the influences of any part of the Empire. You are going to

be called upon to play an ever-increasing part in the future history of the Empire, and much will depend upon your judgment and upon your use of power. You can look forward to a great future. I know that you will use your power wisely and well." These were the words used by the Prince of Wales in one of his addresses in Calgary. They are timely and it is hoped they fell on ground which will bring forth fruit.

The eleventh hour decision of the Dominion government to grant the request of the G. W. V. A. executive for a committee to look into the re-establishment question is no doubt the result of the protest from all parts of Canada. This sort of thing is getting to be quite common to the government at Ottawa. They should learn the old lesson to "look before they leap."

We have been asked several times lately when the Redcliff and District Welfare Association is going to meet again. The last few regular meetings have been postponed on account of harvesting operations but now that this is practically over the officers are willing to hear from Harvest Vale representatives at the next meeting is billed for that centre.

We have been asked on several occasions lately what amount has been cleared from the Peace Day celebration and what the surplus was to be used for. As no meeting of the committee has been able to settle matters we're unable to give this information.

According to reports from London, England, there are 100,000 returned men in the old country who are unemployed. With almost every industry in Redcliff suffering for want of men it would seem that some move might be made to get some of the unemployed over to this neck of the Empire.

Since straws tell which way the wind is blowing, the defeat of the unionist candidate in a British bye-election by Arthur Henderson, labor leader, may be taken as an indication that the coalition government in Britain is weakening.

Now that Board of Commerce has discovered that there is no justification for the present price charged for ham and bacon and the hens are about through mauling, there is some hope of having an old fashioned breakfast once more.

CHURCH NOTICES

PRESBYTERIAN CHURCH.
Rev. Wm. Shearer, D. D., pastor.
Residence next door to the church.
Morning service 11 o'clock; sermon "Manna."
Evening service 7:30 o'clock; sermon "Golden Service."
Sunday school 12:15 p.m.
Choir practices every Thursday evening at 8 o'clock.

CHURCH OF THE BETHLEHEM.
Sunday school at 10 a.m., preaching at 11 a.m. and 7:30 p.m.
Rev. David Hollinger, pastor.

CATHOLIC CHURCH.

Until further notice services will be held in Crow's hall on the fourth Sunday of each month.

CHURCH OF ENGLAND.

Fourteenth Sunday after Trinity. Holy communion 11 a.m.
Sunday School, 12:15 p.m.
Evening Prayer, 7:30 p.m.
The Harvest Thanksgiving will be on Sunday, Sept. 28. All saints in fruit and vegetables for the decorations are asked to have them at the church on the 27th.

HOLD-UP MEN

Five masked men bold and gauged the mail cars on the Ocean Liners, Canadian National Railway, near Halifax, Quebec, this morning. They robbed the mail car of \$75,000 in gold, silver, which had been shipped from Montreal for Halifax.

DOMINION LANDS.

Increase in Rate of Interest.

PUBLIC NOTICE is hereby given that in accordance with the provisions of an Act to amend the Dominion Lands Act, passed at the last session of Parliament, and commencing from the 1st day of January, 1919, where interest is chargeable, the rate of interest on all new transactions in connection with Dominion Lands shall be six per centum per annum; and that from the 1st of September, 1919, the rate on all overplus instalments in connection with both past and future transactions will be increased to seven per centum per annum.

By order,
L. PERRELLA, Secretary.
Department of the Interior,
Ottawa, August 26, 1919.

TOWN OF REDCLIFF

REVISION OF VOTERS LIST.

The Voters' List of the Town of Redcliff is now completed, and may be inspected at the office of the Secretary-Treasurer between the hours of 9 a.m. and 5 p.m., except Saturday, and on that day between 9 a.m. and 12 noon. Any person having the necessary qualification and whose name has been omitted from the list, is requested to immediately make application to this office, in order that his or her name may be added.

F. H. COURTNEILL, Secretary-Treasurer.
September 23, 1919.

NOTICE TO CREDITORS.

In the matter of the Estate of George Duncan Chidley, Insolvency.
Notice is here given that the above named insolvent, George Duncan Chidley, of the Town of Redcliff, in the Province of Alberta, Greece, has been an assignee of his estate and effects to the Trusts and Guarantees Company, Limited, Official Assignee, for the general benefit of the Creditors under the provisions of "The Assignments and Insolvency Act" of the Statutes of Alberta, 1917.

The Creditors are notified to meet at the office of Frank Baird, Barrister, at the Town of Redcliff, at the hour of eleven o'clock in the forenoon, on Wednesday, the 10th day of September, 1919, for the purpose of receiving a statement of the affairs of the said insolvent, for the appointment of inspectors, and the giving of directions with reference to the disposal of the estate.

Every creditor or person claiming to be entitled to rank in the estate assigned is required to deliver or send, by post to the said Company, on or before the 30th day of September, 1919, particulars of his claim, verified by Statutory Declaration, and such vouchers as the case admits of, and stating whether he holds the estate security for his claim or any part thereof, and putting a specified value on such security (if any), in accordance with the said Act.

And notice is further given that after the said 30th day of September, 1919, the said Company may proceed to distribute the estate of the said insolvent under the said Act, having regard only to the claims of which it shall have notice at such time of distribution.

Dated at Calgary, this 30th day of August, 1919.

THE TRUSTS AND GUARANTEE COMPANY, LIMITED,
Official Assignee.

R. A. HOWARD, Manager.
FRANK BAIRD, Redcliff,
Solicitor for the said Company.

Says Still Shipping

Sugar From Canada

A Winnipeg report dated yesterday says that sugar is still being sent out of Canada by the shiploads in carloads of British Columbia fruit are rotting in the west because a limited supply can be obtained only by "begging and paying, exorbitant prices," are made by A. Macdonald, former mayor, in a public statement to the city council of Winnipeg.

"Something must be done at once," Macdonald declared. He asserts that the Board of Commerce seems to have started too late and "at the wrong end."

"We have to beg and pay exorbitant prices for new cane which we do not because sugar is scarce. On the contrary, it is being shipped out of the country, not by car or train load, but by the ship load."

"There are carloads of the finest British Columbia fruit ever grown being sold for less than cost by the producer, and large quantities are allowed to go to waste for want of sugar," he continued.

NEW TIME TABLE

FOR C. P. R. TRAINS.

The following is the new time table for the C. P. R. which goes into effect on June 1st, giving a list of the time trains pass through here after that date:

GOING WEST.

No. 3 leaves Redcliff 1:30 p. m.
No. 13 leaves Redcliff 10:50 p. m.

GOING EAST.

No. 4 leaves Redcliff 8:30 p. m.
No. 14 (Bag) leaves Redcliff 4:40 a. m.
This is railroad time, which means that anyone wishing to take a train should be at the depot one hour earlier.

ITEMS OF LOCAL INTEREST

Make your appointment at Hall's Drug store to meet Joyce, the optician.

There is a mild boom in Cardston as the result of drilling operations that are being carried on nearby.

Lady Foster, wife of Sir George Foster, minister of trade and commerce, died yesterday morning.

The Ladies' Auxiliary of St. Andrew's church will hold a chicken supper and dance in Reid's hall on Thanksgiving night.

All the places west of First street were out of commission for a few days this week as the cable at the Atlas Lumber yard, blew down during the wind storm last Monday morning.

Mrs. White left yesterday for Dunsmuir where she will visit her brother for a few weeks. During her absence Mrs. Anger will take charge of the store.

The C. N. R. grading outfit which is now working just outside of town, expect to have the grad up to the C. P. R. right of way completed early next week.

G. G. Tayntin, who has been on the Imperial bank stag here for the past year, has been transferred to Creston, B. C., and left for that point last Tuesday. W. P. Kleisley, of Hagar, Saskatchewan, Mr. Tayntin's place here.

At the Medicine Hat Court house last Tuesday there were over sixty applications from aliens applying for naturalization papers. The court house was crowded and the proceedings occupied all day.

A national conference on moral education in the schools in relation to Canadian citizenship is to be held in Winnipeg on Oct. 20th, 21st, and 22nd. Educationists and leading men and women from all parts of Canada will attend this conference.

A meeting will be held in the Presbyterian church on Sunday afternoon at 3 o'clock to organize work among the Chinamen of this town. All who are willing to help in this good work are cordially invited to attend. Chinamen please accept this notice.

U. K. Gibson, who has been on his farm north of here all summer, has brought home this week suffering from a severe attack of pneumonia. At present he is at the home of his parents, Mr. and Mrs. Geo. Gibson, here, and when last heard from was progressing favorably.

Miss Strayer and Miss Wallace, who were in Redcliff last summer in connection with the Chautauque company, are spending a few days in town this week, the guests of Mrs. M. Moffatt. While here these enthusiastic young ladies are endeavoring to interest our citizens in attending the Chautauque for next season. We are informed they are meeting with most encouraging success.

"Peabody Overalls," \$2.50; all other brands \$2.25. Gibson & Tupper.

Monday, Oct. 16, has been fixed as Canada's national Thanksgiving Day for this year.

Wm. Watson, who returned to Redcliff a few months ago from overseas, left last evening again for his old home in Scotland.

It's going to be the Chicago White Sox against the Cincinnati Reds in the coming world's series for the baseball championship.

When you see the young ladies out with their tags on Saturday next remember they are out for a good cause and give them a hearty reception.

The time has arrived to make arrangements for summer sales and so on. Order early to avoid delay from Atlas Lumber Co.

The heavy rain last Tuesday evening will be a big help to the pasture and also put the land in shape for fall ploughing.

Gibson & Tupper have a good line of cannelettes.

According to the daily papers Alberta school teachers are preparing for a campaign to increase their salaries. They talk of a minimum salary of \$35-200.

A number of young people in town will give a dance in Reid's hall tomorrow (Friday evening). All are invited and ladies are requested to bring refreshments. A good time is assured.

J. Dutton, who has been in the hospital suffering from a broken limb as a result of an accident in a football game, expects to return to Redcliff tomorrow.

Dr. Skinner is in Calgary part of this week attending meetings of the Synodical Home Mission Committee and the senate of Robertson College, both of which he is a member.

Capt. McCall, of Calgary, passed over Redcliff last Friday afternoon on his way to Medicine Hat. He remained in the Hat till Sunday afternoon and during his stay there took up several passengers for pleasure trips. His fee was \$15.00 for fifteen minutes.

Capt. McCall returned to Calgary on Sunday afternoon when he again passed over this town.

Lionel Barnes, who was one of the first to leave Redcliff for active service, returned home last Monday evening. Mrs. Barnes and child, who have been in England for the past three years, returned with him. Mr. Barnes was living in Redcliff at the outbreak of war and as he was a reservist he left at once to report for duty. Mrs. Barnes is a sister of E. S. Hoide.

The Medicine Hat News reports the raiding of a gambling joint in Redcliff last Sunday night. The report was that the keeper and inmates were taken to Salford and tried and that the former was fined \$50.00 and the latter \$20.00 each. As our local police was not aware of any raid having been made here the Review called up the provincial police and we were informed that the report must have been a mistake as the raid referred to was made in Salford.

Dug. McKeller, a young farmer of the north district who is well known here, met with a bad accident last week as a result of which he had his leg broken in three places. He was mounting his saddle horse but as the saddle slipped and the horse taking flight bolted. Mr. McKeller was thrown off and dragged considerable distance with the above result. He is now in the Medicine Hat hospital where he is progressing favorably.

FOR SALE—Potato sacks for 10c each at Broadway Department Store.

Women's and Girls' overalls \$2.25. Gibson & Tupper.

Holidays are now over and I will be in my office every day. Get your teeth filled before the cold weather comes on and avoid tooth aches.

J. CLEARY WRAY, D.D.S.
Hours 9 to 5.
